3,4 FAMIGLIA BARBERA - 5,8 ITALIAN COFFEE ART SINCE 1870

3,4 For over 150 years, the Barbera family has stood for excellent Italian coffee. Founded in 1870 by **Domenico Barbera in Messina**, the company has grown to become Italy's oldest family-run coffee roaster – now in its sixth generation.

4,9 Domenico Barbera was affectionately called “il mago del caffè” – the coffee magician – for his exceptional roasting skills. His passion for high-quality beans and gentle drum roasting laid the foundation for an impressive family tradition that continues to this day to focus on artisanal quality and authentic flavor.

6,3 FONDATORE – THE FOUNDER’S BLEND

6,3 With the “Miscela del Fondatore” (English: “Founder’s Blend”), the Barbera family honors the original recipe of

4,9 Domenico Barbera. The blend consists of carefully selected Arabica and Robusta beans from El Salvador, Ethiopia, and India. Slow, traditional roasting develops an intense aroma with nutty, floral, and honey-sweet notes and a fine, long-lasting crema.

5,8 A PIECE OF ITALIAN COFFEE CULTURE

4,9 Every cup of B Caffè Fondatore tells a story – of Sicilian coffee tradition, artisanal dedication, and a true family heritage. Experience a piece of authentic Italian coffee culture with us – with one of the best and most traditional roasts in the country.
